Terliklerin kullanım sahaları; hastaneler, ameliyathaneler, laboratuvarlar, klinikler, ecza dolapları, ilaç üreticileri, elektronik sanayi, yemek fabrikaları, et entegre tesisleri, kaplıcalar, hassas zeminler.

Üretimde kullanılan özel malzeme sayesinde terliklerimiz yıkanabilir ve steril edilebilir. Ter ve koku yapmadığı gibi, ayaklarda mantar oluşumuna neden olmazlar. İç yüzey tabanındaki kabarcıklar, sürekli ayak tabanına masaj yaparak kan dolaşımını sağlar ve ayakları dinlendirir.

Clogs are used in; Hospitals, Operation rooms, Laboratories, Clinics, Medical depots, Medicine producers, Food factories, Meat integrated foundations, Thermal springs, Yachts, Sensitive floors.

Our clogs are washable and sterilizable because of the special material used to make them. Our clogs are odorless, they do not cause fungus or sweating. The bubbles on the inner surface of the clogs ensure the circulation of blood and relax the feet.
